

Youth Action Volunteers

Compiled Activity Report (Matrix) for Quarter III July - September 2008

(Component One, Two and Three)

Goal

Tanzania where healthy and responsible young men and women enjoy equitable, affordable and quality primary health care services as their basic right.

Purpose

Empower young men and women to smoothly interact with health service providers and policy makers for the purpose of realizing equitable, affordable and quality primary health care services through enhancing active community engagement, transparency, and accountability within the District health systems.

Activity 1.1: Disseminate YAV's work on social accountability for health and HIV/AIDS sectors to youth through YAV's volunteers, schools and exist youth information centres			
Sub-activity	Documented sources of evidence	Progress against output/activity	Status
YAV publications disseminated to 531,191 boys and 587,488 girls in 35 Wards	<ul style="list-style-type: none"> - Copies of booklets: "Jinsi ya Kushiriki katika mipango ya utoaji huduma za afya, and Je Kijana unashiriki kuandaa na kusimamia mipango ya huduma ya afya" - Copies of quarter one and two newsletter -Copies of posters: "Dai Taarifa za mikutano ya bodi ya afya ya wilaya na kamati ya afya katika kata yako, Eti wajumbe wa kamati za afya hawakutani kwa sababu ya kukosa posho za vikao, Baadhi ya ratiba na hatua za kuandaa mpango madhubuti wa kutoa huduma za afya wilayani. huduma za afya, Paza Sauti Dai huduma bora za afya" - Copies of folders: "Utoaji wa dawa za kupunguza makali ya virusi vya ukimwi, Is Enough being done, Je wananchi watashiriki vipi katika usimamizi wa rasilimali za umma katika sekta ya afya?" -Copies of Policy briefs: "Maoni Kuhusu bajeti ya wizara ya afya na ustawi wa jamii kwa mwaka wa fedha 2007/08, Elewa bajeti ya sekta ya afya 2007/08, Uwazi na Uwajibikaji, Afya ya mama na motto" - Copies of YAV's 2007 annual report - Distribution list 	<p>For this quarter, of 7129 of YAV's publications have already been disseminated to youths in 35 Wards of Ilala, Kinondoni, Temeke and Kibaha. The majority of these were disseminated through school health clubs, Ward offices and Stakeholders. The materials disseminated are as follows:</p> <ul style="list-style-type: none"> - 3437 copies of two informative booklets. One on the subject of health sector reform and the other on the popularization of the CCHP formulation guidelines. - 259 copies of YAV's newsletters. These newsletters helped to inform our stakeholders about YAV's health sector activities; the newsletters shared YAV's experience in the running of recently established school health clubs, and; addressed issues related to participation of youth in the health sector planning. - 1915 copies 4 different posters were distributed. Poster 1 addressed the issue of health committee members not holding their statutory meetings; Poster 2 addressed the timetable for development of CCHPs; Poster 3 addressed information sharing on health plans and reports, and; Poster 4 calls for citizens to raise their voices to demand for quality health services. - 610 copies of folders were disseminated. These folders advocated for: a) improvement in human resources for health, b) ARVs, c) citizen participation in public tracking and, d) budget 	100% complete

		<p>expenditure in the health facilities.</p> <ul style="list-style-type: none"> - 633 policy briefs were distributed. These briefs publicised: a) YAV's analysis of the health sector budget, b) transparency and accountability in health resources, c) maternal and child health. - 275 copies of YAV's 2007 Annual Report were also distributed. This helped various stakeholders understand better the work that YAV has undertaken over the past year. 	
Activity 1.2: Conduct training sessions for youth within Ward level in 35 Wards of 4 districts on issues related to district health sector reforms, policies, planning and budgeting and performance monitoring			
Sub-activity	Documented sources of evidence	Progress against output/activity	Status
Produce 100 English and 200 Swahili YAV training kits. These will include YAV's training manual developed and pre-tested in 2007 (carried from 1 st quarter)	<ul style="list-style-type: none"> - Photocopies of YAV's training manual is in place (100 copies produced) - Improved draft of training manual. 	<p>Training kits serve as a guideline for youth trainers on issues of governance, policy, budgeting and tracking of resources in the health and HIV/AIDS sectors.</p> <p>In the process of producing these kits the available training manual was used for training. This was in order to assess the authenticity of the materials and to identify possible gaps for other YAV materials.</p> <p>After 10 training sessions the training manual was much improved to address other topics not covered in previous edition.</p> <p>The Consultant who developed the manual was asked to advise on the relevance of the added materials. The improved draft will be sent to the Editor early next quarter before being sent to the printers.</p>	50% complete
Facilitate YAV's Volunteers to conduct youth training in 15 Wards.	<ul style="list-style-type: none"> - Training reports - List of participants - Photos of training activities 	These trainings are aimed to equip youth with knowledge on issues related to district health sector reforms, policies, planning, budgeting, performance and monitoring of health resources.	60% complete

		<p>A total of 9 out of 15 training sessions were conducted in quarter III. The training sessions took place on the following dates and in the following Wards:</p> <p>14th to 18th July '08: Ilala; 21st to 25th July '08: Toangoma; 28th July to 1st '08: Tabata; 11th to 15th August '08: Mbagala; 18th to 22nd August '08: Mchikichini. 25th to 29th August '08: Mbezi; 1st to 4th September '08: Kimara; 8th to 12th September '08: Mjimwema; 15th to 19 September '08: Kijitonyama.</p> <p>Please note: these trainings will continue to take place in the remaining Wards next quarter.</p>	
<p>Activity 1.3: Radio and televisions programmes to be conducted on a weekly basis by youth to stimulate youth awareness, knowledge and active participation on issues of social accountability in the health and HIV/AIDS sectors</p>			
<p>Sub-activity</p>	<p>Documented sources of evidence</p>	<p>Progress against output/activity</p>	<p>Status</p>
<p>A weekly radio programme: 12 sessions to be aired by young men/ women from the 4 districts participating and contesting in live discussion, and quizzes through telephone calls/participation in studio</p>	<ul style="list-style-type: none"> - Signed contracts between YAV and Magic FM radio station & Radio One Stereo - Available list of all topics aired 	<p>It was planned to air radio sessions on a weekly basis in order to stimulate awareness, knowledge and active participation among youths on issues of social accountability in the health and HIV/AIDS sectors. In quarter III 12 sessions were aired - 2 programs were aired by Magic FM, 10 sessions were aired by Radio One Stereo. The change of the radio station was necessitated by the need to reach a wider population.</p> <p>The topics which were presented and discussed from July to September 2008 period:</p> <p>2/07/2008- "Uwazi na uwajibikaji katika usimamizi wa rasilimali za afya" 9/07/2008- "Je unaujua mpango wa maendeleo wa afya ya msingi" 18/07/2008 – "Utambulisho wa kipindi cha wajibu wa vijana" 24/07/2008 – "Ushiriki wa vijana katika kusimamia huduma za afya"</p>	<p>100% complete</p>

		<p>1/08/2008- "Majukumu na kazi ya bodi ya huduma za afya ya halmashauri"</p> <p>8/8/2008 – "Mfuko wa maendeleo jimboni: Wabunge wetu na mgongano wa maslahi"</p> <p>15/08/2008: "Bajeti ya sekta ya afya : Sehemu ya kwanza"</p> <p>22/08/2008- "Bajeti ya sekta ya afya:Sehemu ya pili"</p> <p>29/08/2008- "Mzunguko wa bajeti ya serikali"</p> <p>5/09/2008- "Mchakato wa kuboresha huduma katika sekta ya afya"</p> <p>12/09/2008- "Changamoto na matatizo mbalimbali katika upatikanaji wa huduma bora ya afya Tanzania"</p> <p>19/09/2008- "Wajibu wa serikali na asasi zisizo za kiserikali katika utoaji huduma za afya"</p> <p>26/09/2008- "Mikakati ya kuboresha afya ya uzazi na kupunguza vifo vya wakina mama"</p>	
Document radio and television programmes (hard and soft copies) for further sharing and future reference	<ul style="list-style-type: none"> - 12 CD-ROMs of radio programs - 1 DVD of Television Program - 1 VHS Tape of Television Program. - Documented hard copies of topics - Radio program file. 	All 12 radio programme sessions were documented on script (hard copy) and on CD-ROM for the purpose of further sharing and reference. We managed to record one television program - both VHS and DVD copies of the program are available for reference.	100% complete
Obtain and run at least one free Television Programme per month on issues of social accountability related to the health and HIV/AIDS sectors	<ul style="list-style-type: none"> - VHS Tape & DVD of Television Programme. - Documented hard copy of the topic. 	In order to reach a wide population and to stimulate greater awareness and active participation amongst youths on issues of social accountability in the health and HIV/AIDS sectors we managed to run one television program via ITV. This programme, aired on 19 th July 2008, focussed on the responsibilities of youths to monitor health services. The title of the program was: "Wajibu wa vijana katika kupanga na kusimamia huduma za afya"	33.3% complete
Activity 1.4: Produce YAV's quarterly newsletters to communicate information about YAV and updates on issues arising within the health sector			
Sub-activity	Documented sources of evidence	Progress against output/activity	Status
Produce 2000 copies of a newsletter	- Compiled articles for 3 rd quarter news letter.	The quarterly Newsletter was planned to be produced in order to communicate and	50% complete

		<p>disseminate findings and lessons learned from our activities, and to inform the public on issues related to health service delivery, policy processes, planning and governance of health sector.</p> <p>Three articles which will be featured in this quarter's newsletter were circulated among staffs for comments and edits. These articles are: a) introduction: which summarises all the activities undertaken in quarter III, b) YAV participated in an exhibition entitled "CSOs" which gives details of the role played by Youth Action Volunteers in this year CSO's exhibition in Dodoma, c) Mnyonge...Haki yake Mpeni which recount the activities of established school health clubs giving the instance of Mbagala Kuu Health club.</p> <p>After we have finalised these articles and an Editor has reviewed them we will release them in the public domain.</p>	
Activity 1.5: Translate into Swahili and popularise into easy accessible language and format of identified health and HIV/AIDS related policies, strategies, programmes and reports through publications			
Sub-activity	Documented sources of evidence	Progress against output/activity	Status
Identify, translate into Swahili and popularize one key issue document issue (carried from 2 nd quarter)	- 2 nd Draft of 2007 National Health policy popular version.	<p>Since most of the policy documents are written in a foreign (English) and technical language which is not familiar to the majority of Tanzanian youths – as was the case in the national health policy - it was planned that this document would be written in a style that most youths would be able to understand.</p> <p>The draft which was prepared in the second quarter was circulated to both staffs and several volunteers for comments. Some of the cartoons which were used in the previous draft were found irrelevant and did not portray the intended message.</p> <p>In order to deal with this problem we consulted a</p>	50% complete

		different set of people for the preparation of the second draft. Now the second draft is ready and awaits approval for the next step – that is, printing.	
Activity 1.6: Facilitate establishment of schools health governance clubs to discuss issues related to social accountability in the health and HIV/AIDS sectors			
Sub-activity	Documented sources of evidence	Progress against output/activity	Status
Facilitate volunteers to conduct three discussion sessions on issues related to social accountability in the health and HIV/AIDS sectors	- Documented discussion reports from conducted discussions	<p>School health clubs discussions are intended to stimulate student’s active participation in health and HIV/AIDS sector planning, implementation and tracking of resources.</p> <p>In this quarter it was planned that each established club would conduct one discussion each month. But due to school calendars this period involved many activities such as standard seven national exams, form four mock exams and mid-terms. Discussions this quarter were not successfully completed as originally planned due to tight school calendars, failure of the volunteers to attend these discussions and schools authorities’ failure to give permission. Despite the above, 23 discussions did take place during this period. The following topics were discussed:</p> <p>July - Ngazi zinazotoa huduma na kazi zake August - Haki za vijana katika kupata huduma September - Kitini cha maelezo(orientation)</p> <p>Some of the identified problems have been reported to the component that manages YAV’s youth volunteers, and problems which concern the schools have been discussed in several teachers’ forums.</p>	16.6% Complete
Activity 1.7: Conduct quarterly investigative journalism on health equity in service provision and governance in the country and publish results through English and Swahili Media			
Sub-activity	Documented sources of evidence	Progress against output/activity	Status
To conduct a one day workshop with different journalists on	- Report of the workshop - List of participants	To publicise our work and share our experience with other stakeholders, especially the Media, a	100% complete

health issues and share our professional experience - including publicising different works(carried from 1 st quarter)	<ul style="list-style-type: none"> - Invitation letters to journalists - Workshop photographs 	one day workshop was planned to involve different Editors from at least 15 Newspapers. The workshop took place on 29 th August '08 at YAV Conference Room. Various issues regarding health and HIV/AIDS reports were discussed. YAV shared its newspaper's analysis with the Editors.	
Conduct investigative journalism on health equity and governance in Tanzania and publish results in at least two English and one Swahili newspaper	<ul style="list-style-type: none"> - Signed contract with the journalist - Documented newspaper cuts 	<p>In order to to inform the public on health equity and other related issues – thereby initiating public discussions, YAV undertook investigative journalism activities and published the results in Newspapers.</p> <p>The journalist hired by YAV continues to investigate various health-related issues, publishing the articles in Mwananchi Newspaper. The following are the results of YAV's investigative journalism for quarter III:</p> <ul style="list-style-type: none"> - THI saga (title of article: Mengi yaanza kujidhirisha mgogoro THI, shirika la NSSF. - Mwananyamala saga (title of the articles: serikali yapangua safu ya watumishi halmashauri Dar and Mambo bado magumu tena hospitali ya mwananyamala.) - Temeke hospital (title of articles: temeke wafanyiwa operesheni kwa mwanga wa tochi and Madaktari na wauguzi Temeke watishia kugoma) 	100% complete
Activity 1.8: Document newspaper cuttings regarding issues of health service delivery in equity, challenges, misconduct and produce annual bound document			
Sub-activity	Documented sources of evidence	Progress against output/activity	Status
Document newspaper cuttings through filling the articles and producing a bound compilation for quarter III	<ul style="list-style-type: none"> - Compiled and documented news paper cuts. 	The aim of this activity is to document issues regarding the health sector that is reported in the Media. A total of 360 health related articles were collated from 12 major daily and weekly newspapers (Mwananchi, Tanzania Daima, Mtanzania, Mwana Halisi, Raia mwema, Habari leo, Kulikoni, This Day, Guardian, Daily News The Citizen and The African) covered the	100% complete

		period between July and September 2008. These articles were then photocopied and compiled.

Activity 2.1: Facilitate youth engagement to advocate for accountability and transparency in implementation of the roles and functions of health boards, health and HIV/AIDS committees in the 4 districts as stated in the Health Board Act			
Sub-activity	Documented sources of evidence	Progress against output/activity	Status
Facilitate youth in School Health Governance Clubs through volunteers to track accountability and transparency of implementation of the roles and functions of health boards, health and HIV/AIDS committees in 35 wards from the four districts as stated in the Health Board Act	N/A	The implementation of this activity was supposed to begin in the second quarter and continue in the third and fourth. However, the activity was not carried out as planned because the information package was not finalised for production. Please note that it is now in the final stages of production.	Postponed to next quarter
Facilitate youth to take action for issues resulting from the above activity (media (<i>video documentaries</i>), demonstrations, policy statements, consultations, etc)	N/A	The implementation of this activity is depending on the completion of the above activities.	Postponed till completion of the above activity
Produce 2000 information packages on the current status of district health boards, health and HIV/AIDS committees (<i>findings, roles and functions, names and addresses of members, tool for tracking accountability and transparency</i>) to be given to youth in Wards through primary and secondary schools in the 4 districts (carried over from Q1).	-The pro forma for printing is in place	The production of 2000 printed copies of the information package is in process.	75% complete
Conduct one meeting over two days with seventy (70) volunteers to orient them with the information package and roles to be performed by youth in advocating for accountability and transparency of roles and functions of health boards, health and HIV/AIDS committees in the four districts as stated in the Health Act (carried over from Q1).	- Attendance documented - Report filed	The activity was done on 12 th July 2008 whereby volunteers were oriented on the information package and the roles to be performed by youth.	100% complete
Activity 2.2: Engagement in 2008/09 CCHPs formulation for the four districts			
Sub-activity	Documented sources of evidence	Progress against output/activity	Status
Sharing of 2008/09 district and facility plans with citizen for knowledge.		District Plans for 2008/09 are not yet final. We continue to follow-up in order to obtain those plans as soon as they are finalised.	Postponed to next quarter
Activity 2.3: Monitor implementation of CCHPs and District HIV/AIDS plans			
Sub-activity	Documented sources	Progress against output/activity	Status

	of evidence		
Monitor quarterly implementation of CCHPs and district HIV/AIDS plans, write a report and disseminate findings to stakeholders.	- Report for the implementation of Q3 and 4 (according to government financial year) is in place	For this quarter the monitoring of CCHP was not done as the CCHPs for 2008/09 are not yet final for implementation. However we did the analysis and report writing for Q3 and 4 (according to government financial year) which was carried over from last quarter.	100% complete
Facilitate youth to take action for issues resulting from the above activity (media (<i>video documentaries</i>), demonstrations, policy statements, consultations, etc).	N/A	The activity was not done since the above activity is yet to be completed. We are expecting to start conducting the activity after sharing the report for Q3 and 4 (according to government financial year) with volunteers.	Postponed
Activity 2.4: Engagement with Councillors and Districts Authorities			
Sub-activity	Documented sources of evidence	Progress against output/activity	Status
Conduct 1 session with Health Committees at Ward level in 35 Wards of Kibaha, Ilala, Temeke and Kinondoni districts to capacitate them in tracking implementation of their past years recommendations in their respective authorities (partly carried forward).	- Invitation letters documented - Attendance documented - Report is in place	For this quarter we planned to conduct 22 sessions in 22 Wards. However, due to time limit in getting the members we managed to conduct 15 sessions in 15 Wards including; Soga, Kwala, Magindu, Ruvu, Mjimwema, Chanika, Mbezi, Azimio, Vingunguti, Tabata, Segerea, Toa ngoma, Mbagala Kuu, Kiwalani and Kitunda. Hence 7 Wards remain - we are preparing for 4 Wards (Temeke, Kigamboni, Goba and Kawe) as 3 Wards (Mtoni, Msasani and Ukonga) do not have health centres so we are planning to replace these Wards with Wards with health facilities so that to accomplish our goals	68% complete
Conduct 1 session with Health Boards and members of District Health Management Teams of Kibaha, Ilala, Temeke and Kinondoni districts to capacitate them in tracking implementation of their past years recommendations in their respective authorities (carried over from Q1)	- Invitation letters documented - Attendance documented - Reports filed	In this quarter we planned to conduct 4 sessions with members of Health Boards Committees and Council Health Management Teams in four districts (Ilala, Kinondoni, Kibaha and Temeke). However, due to the limitation of time we managed to conduct only 2 sessions with HBCs and CHMTs at Kibaha District Council and Ilala Municipal. The remaining two sessions will be carried over to next quarter.	50% complete
Conduct 3 sessions for 2 days with District Councillors (ongoing)	N/A	The sessions with District Councillors were postponed to the fourth quarter due to the	Postponed

		limitation of time - hence the focus was on the sessions with health committees at Ward level as they were easily reached.	
Activity 2.5: Analytical Works for Social Accountability			
Sub-activity	Documented sources of evidence	Progress against output/activity	Status
Assess effectiveness of the oversight bodies of district health department, HIV/AIDS interventions and implementations of recommendations for the four districts Produce policy briefs to communicate information to all YAV stakeholders and target audience	N/A	The consultant has been identified - the ToRs and contract for this analysis is currently being finalised	Postponed to next quarter
Conduct analysis on District Health Controller's Auditor General reports and HIV/AIDS CAG report on expenditure management of health department in the four districts Produce policy briefs to communicate information to all YAV stakeholders and target audience (carried over from Q2).	- ToRs for this activity is in place - Report is in place - Policy brief is in place	The analysis has been completed. A consultant was hired to do the analysis of the District Health on CAG report in four districts	100% complete
Analyze the performance management in implementing district health annual and medium term plans (Strategic Plans) and HIV/AIDS interventions in the four districts. Produce policy briefs to communicate information to all YAV stakeholders and target audience (carried over from Q2).		The consultant has been identified and the ToRs and contract for this analysis is currently being finalised	Postponed
Activity 2.6: Monthly volunteers' meetings			
Sub-activity	Documented sources of evidence	Progress against output/activity	Status
Facilitate volunteers and enhance capacity building at monthly meetings.	- Minutes for July, August and September meetings are filed - Attendance documented	- We planned to conduct three meetings with the volunteers during this quarter. We were able to conduct all of them on 26 th July (55 volunteers attended), 30 th August (38 volunteers attended) and 27 th September 2008 (47 volunteers attended) at YAV office in Kinondoni.	100% complete

		<p>- All the meetings involved the assignment of new duties, giving feedback of previous duties, sharing experiences related to their work at their respective Wards and sharing different issues happening at YAV - including the change of YAV's name and the recording of a jingle for a radio program.</p>	
--	--	--	--

Activity 3.1: Conduct analysis and hold joint consultative sessions with the Parliamentary Committee for Social Services and other key parliamentary committees, as well as District Councillors in the four districts, to promote equity in the health and HIV & AIDS sectors and conducting analyses on planning and resource allocation, expenditure management, performance management, public integrity, and oversight, for affordable and accessible health care services			
Sub-activity	Documented sources of evidence	Progress against output/activity	Status
<p>Conduct analysis on planning and resource allocation, expenditure management, performance management, public integrity, and oversight, for affordable and accessible health care services.</p> <p>Hold joint consultative sessions with Members of Parliament in Dar es Salaam or Dodoma to influence social accountability in health and HIV & AIDS sectors, for affordable and accessible health care services.</p> <p>Download from Parliament's website all questions and answers related to the health sector for this quarter assess outcome of our engagement and</p>	<p>Report of the meeting we held with the MPs on 5th July 2008 at New Dodoma hotel.</p> <p>Attendance sheet from the meeting (List of Member of Parliament Participated documented)</p> <p>Papers presented including: - Upembuzi wa Bajeti ya Afya 2008/09 - Mchakato wa Bajeti Tanzania, - Ufuatiliaji na Udhibiti wa Utendaji wa serikali (Sekta ya Afya</p> <p>Questions and Answers relating to health downloaded</p>	<p>The engagement with parliamentarians was officially done on 5th July 2008 in Dodoma. The PO for component three presented on 2008/09 Health Budget Analysis (Upembuzi wa sekta ya Afya 2008/09), which was done by YAV. The PA for this component also made a presentation on Budget Process in Tanzania (Mchakato wa Bajeti Tanzania) to see how much the MPs are involved in the whole process of budget.
